2. Basis of accounting and valuation of assets

The Net Asset Value of each class or sub-class of shares of each Sub-Fund shall be expressed in the Sub-Fund's Base Currency as a per share figure and shall be determined on any Valuation Date, by the Management Company by dividing the value of the net assets of that Sub-Fund to be allocated to such class or sub-class of shares, being the value of the assets of that class or sub-class of shares of that Sub-Fund less its liabilities, on the Valuation Date, by the number of shares of that class or sub-class of the relevant Sub-Fund then outstanding.

The Net Asset Valuation takes place on each Luxembourg bank business day (the "Valuation Date"), i.e. on which banks are open all day in Luxembourg. 24 December in each year will not be considered as a business day.

The valuation shall be effected in the following manner:

A) The assets of the Company shall include:

- a) all cash in hand or in bank including the outstanding interest;
- b) all instruments and promissory notes due on demand and all accounts receivable, (including proceeds from the sale of securities for which the price has not yet been received);

If the same security or instrument is quoted on different markets, the quotation of the main market for this security or instrument will be used. If there is no relevant quotation or if the quotations are not representative of the fair value, the evaluation will be done in good faith by the Board of Directors or its delegate with a view to establishing the probable sales price for such securities or instruments;
- 2) Non-listed securities or money market instruments are valued on the base of their probable sales price as determined in good faith by the Board of Directors or its delegate;
- 3) Liquid assets are valued at their nominal value plus accrued interest;
- 4) Units of UCIs are valued on the basis of their last known net asset value;

- 6) Swaps are valued at their fair market value on the basis of the last known closing price of the underlying asset.

For the assets which are not denominated in the currency in which a Sub-Fund is denominated, the conversion shall be done on the basis of the exchange rate for such currency ruling on the relevant bank business day in Luxembourg.

In addition, appropriate provisions will be made to account for the charges and fees levied on the Sub-Funds.

In the event it is impossible or incorrect to carry out a valuation in accordance with the above rules owing to particular circumstances, the Board of Directors or its designee is entitled to use other generally recognized valuation principles, which can be examined by an the approved statutory auditor of the Company, in order to reach a proper valuation of each Sub-Fund's total assets.

In the case of the Class A Shares of the Sub-Fund, the Investment Manager may choose to waive all of its fee or any portion thereof at its absolute discretion for an indefinite period, in order to reduce the impact such fee may have on the performance of the Sub-Fund in instances where the Sub-Fund's net assets are of insufficient size.
